STATINTL

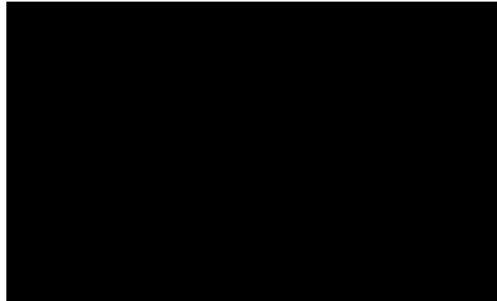

Dear Bud:

Rosemary and I wish to thank you for your very kind hospitality the other evening. It was a pleasure to see you again, and it seemed like old times for me. The session at the Cosmos Club was an event in itself but was topped off with that elegant dinner at Trader Vics. I know we all enjoyed ourselves thoroughly.

I am listing below the addresses of two of the people to whom you plan to send photographs:

STATINTL

I know they will appreciate your thoughtfulness and will value this for a memento.

I hope at some future time when you are in Washington we may reciprocate the kindness you showed us the other evening either with a dinner invitation or perhaps theater tickets<sup>x</sup>--or both.

*Assure that Rosemary will join on a trip to East.*
